

Enter Results Online on chess-results.com

Last update 20.3.2020, Author Heinz Herzog

For big tournaments it is now possible to enter the results online **simultaneously** on chess-results.com and import the results into Swiss-Manager.

Important: This function is currently only available for **single Swiss system tournaments!**

How to do:

1) In Swiss-Manager: Click Menu „Internet / Customize lists on chess-results.com“

The following form is displayed:

This dialog allows the organizer to customize the lists.

With „Search/Reload“ you can search for a player name and select the boards.

Important: if you click „Search/Reload“, then entered results which are not saved are lost.

With checkbox „**Show only missing results**“, only pairings without result are shown. The fields „Name“ and „Board from“ and „to“ will be considered

With „**Save Data**“ you can save the entered results on chess-results.com. All saved results are immediately displayed on chess-results.com.

3) In Swiss-Manager use menu „Input / Enter results...” and click button „Download from chess-results”

The screenshot shows the 'Enter/Change Results for Round 9' window. The main table lists 51 chess games with columns for round number, player names, and scores. On the right side, there is a control panel with various buttons for result entry and management. The 'Download from Chess-Results' button is highlighted with a red rectangle.
